

## COMENTARII PRIVIND PT-Conf 2019

Dear Graziela,

Participation in the 7th PT Conference in Oradea was an honour for me and an excellent opportunity to share and disseminate best practices on the organisation of interlaboratory comparisons in general and on proficiency testing in particular.

The human atmosphere in this conference is particular and different from all the others that I have participated. The combination of scientific lectures with walking tours is quite adequate and even recommended to stimulate our creativity and better interact with other researchers.

The training event was a challenging task that I accepted with pleasure and no regrets. I took it as a knowledge transfer activity which is, always, beneficial to everybody, trainer and trainees.

Last word to the visits we did on Thursday. Allow me to express my opinion that it could be a bit shorter as we had the training event the day after. Please consider it in future events.

Overall I appreciate the efforts made by the organisation team to provide the participants with the best conditions and make this event unforgettable.

Thanks to all.

Dear Graziela,

It was a pleasure to participate in PTConf 2019 where I had the opportunity to follow the latest developments on proficiency test organization.

I was also a pleasure and an honor to deliver the course on Measurement Uncertainty evaluation to PTConf participants.

Best regards,

Ricardo

**Dear Graziela**

**Greeting from Riyadh**

**We would like express our grateful for PT organization committee for the professional management. We expected more participants. However all candantentes we had met experts in their field which has allowed us to sharing knowledge and all information in proficiency test .The program were fruitful and achieved the aims of our tasks in terms of topics and discussing. As well as the lectures were well presented by experts has high experiences and background in their area.**

**Thanks and looking forward to meeting you in the next conference

**Dear Graziela,**

**Thank you for organizing this year's conference and giving us the opportunity to present our approach at the 7th PT Conf.**

**It was our pleasure to be there and to share our contribution with other PT professionals.**

**We look forward to participating in PT Conf again in the future. Thank you again for organizing this very successful conference.**

**With kind regards,**

**Dear Graziela,**

**Thank you for the PT-Conf 2019, the event was very interesting, the topics were well selected and of interest to the participants, the speakers were very good, the organization of all the events very accurate!**

**Thank you very much and I hope to attend the next conference.**

**Yours sincerely**

**Rosa Giordano**

**Italy**

**Dear Graziela,**

**I safely came back home, thank you. I hope you enjoyed the end of PT-conf week.**

**The two-day conferences I have attempted were nice. I especially like the Virtual PT in microbiology presentation (are the presentations available?)**

**The organization was very nice.**

**Taking into account the journey, the main limitation is that I spent 4 days and it can be difficult to dedicate such a big amount of time.**

**Let me know if you have more specific questions.**

**Best regards.**

**Dear Graziela**

**First of all thanks for your support, hospitality and management. For the posters I was expecting more than that we have had in terms of space and number of candidates. Unlike wise the group discussion and uncertainty lectures were more than expected in terms of experts and content of material.**

**Hope that's my point is understandably considered.**

**Looking forward to enrolling 8th PT conf.**

**Best regards**

**Stimata doamna Guslicov,**

**Tin sa va multumesc mult pentru organizarea in mod constant a acestei manifestari de interes, in special pentru laboratoarele acreditate si pentru organizatorii de scheme de competenta.**

**Este o munca titanica, dar care cu siguranta va aduce satisfactii pe masura.**

**Ori de cate ori a fost posibil, am participat cu interes si cu placere la conferintele organizate de CEPROCIM pe aceasta tema. Prezentarile si posterele ating atat teme de interes si cat de cat familiare dar si unele aplicatii cu totul noi si surprinzatoare**

**De fiecare data am plecat de la aceste conferinte mai bogata in cunostinte dar si cu noi si frumoase colaborari atat in plan profesional cat si personal.**

**Din pacate nu am partiipat niciodata si la cursurile de instruire privind evaluarea incertitudinii de masurare in schemele PT, organizate cu aceste ocazii, dar sper ca la urmatoarea conferinta o voi face .**

**Am fost placut impresionata de alegerea locatiilor si de faptul ca ati incercat de fiecare data sa promovati imaginea Romaniei in randul participantilor.**

**Alaturi de prezentarile si posterele de interes profesional, ati reusit sa creati o legatura si o armonie intre participanti care a contribuit la o mai buna colaborare intre acestia, si care, dupa finalizarea conferintei, ne-a lasat cu amintiri frumoase. Singurul meu regret este ca s-a simtit lipsa de interes si participare a autoritatilor ramanesti din domeniu, dar inca speram la o viitoare implicare.**

**Tin sa multumesc pe aceasta cale si celor de la Universitatea Agora Oradea care au contribuit la ghidarea noastra in frumoasa regiune a Bihorului.**

**Sper ca veti continua traditia de ani si ani in organizarea conferintei si va doresc putere de munca si sa ne intalnim cu bine peste doi ani la urmatoarea conferinta!**

**Hello ,**

**"Thank you for hosting such a wonderful conference . Really informative, very engaging, very helpful.**

**For me, the conference generated a lot of ideas about how to continue to expand my skills and my professional qualifications.**

**Hope to see you at the next conference in 2021 ."**
